Olga won't bring neither light- nor soundengineers, so please provide **able, friendly** and **sober** technicians!

Anybody helping us load in and out will be most welcome!

Guitaramp is an old marshall, if you prefer one or two mics on it, is up to you or/and to the room. ☺

Drums are: kick, snare, hihat, one floortom, one ride- and two crash-cymbals

Bassamp is an old winston-tube-amp, needs a di-box! (maybe mix it with a mic-signal?)

We don't bring our own PA and monitors, please provide efficient, well sounding stuff, which is sufficient to the room!

Olga *doesn't* sound like a rockband ☺, perhaps you check at:

If there are any problems, don't hesitate to contact us!

Technical questions please to Alex or Fido!
